

MyLand Project Readout

Project	Next Critical Milestone	ETA
<p>🔗 MPC-1: Phase1: Atera Installs IN PROGRESS</p> <ul style="list-style-type: none"> • What are we doing? We are installing temporary management software on all devices. • Why are we doing it? Currently, MyLand has unmanaged devices with no control. • What does success look like? 100% of devices are monitored and have some control over the environment. 	Continue to work with all users until 100%	On Track
<p>🔗 MPC-4: Phase 1: Pre Migration setup to Azure\Intune IN PROGRESS</p> <ul style="list-style-type: none"> • What are we doing? Prepping data and device operating systems for both user and device migration. • Why are we doing it? To prevent hold-ups on the day of migration. • What does success look like? A smooth transition of user data to new profile and device enrollment. 	Working alongside of Atera install	On Track
<p>🔗 MPC-31: Phase 1: Licensing Migrations from Godaddy IN PROGRESS</p> <ul style="list-style-type: none"> • What are we doing? Transition GoDaddy 365 licensing to Full Microsoft L3 licensing abilities • Why are we doing it? To migrate licensing from just Office 365 to Azure\Intune managed systems. • What does success look like? Convert or end GoDaddy 365 licensing and acquire new L3 license through Last Admin 	Work with Insight for pricing	On Track
<p>🔗 MPC-27: MyLand Project Status Website IN PROGRESS</p> <ul style="list-style-type: none"> • What are we doing? Building an interactive website with current, future, and past IT Projects at MyLand • Why are we doing it? To allow some transparency of the direction MyLands IT is heading. • What does success look like? A complete website that has up-to-date information accessible anytime, from anywhere. 	Waiting on the First draft of MyLandIT.com	On Track
<p>🔗 MPC-28: Phase 2: Device enrollment to Azure/Intune BACKLOG</p>		On Hold Waiting on Phase 1 completion
<p>🔗 MPC-29: Phase 2: User Enrollment to Azure/Intune BACKLOG</p>		On Hold

		Waiting on Phase 1 completion
🔗 MPC-30: Email Migration BACKLOG		On Hold Waiting on Phase 2 completion
🔗 MPC-3: Satellite internet Backup BACKLOG		On Hold Discuss with Hannah if this is still needed versus the monthly costs
🔗 MPC-26: Post-Migration Plans BACKLOG		On Hold Waiting on Email Migration completion

📁 Major decisions & Call outs

👉 We currently have a few projects in a state of " **On Hold**," "as they depend on the successful conclusion of some other projects before we can move forward.

👉 Hannah's input is necessary to discuss the **Satellite internet backup** project in detail. It would be great if we could further explore the project's rationale and associated monthly costs.

⚠️ Risks, blocker, and Planned Outages

None at this time.
